The Nugget is California's Leading Mining Weekly

Nevada City Nugget

VOLUME III, NUMBER 12 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER FEBRUARY 4, 1929

SHARP CONTEST ON FOR CONTROL BIG PROPERTY

A battle of contending interests in the east is on at present for the control of certain large mining properties in this county which will mean large time operations if certain negotiations are concluded. The Nugget is not privileged to divulge any definite information at the present time pending the negotiations.

This paper is going to fight with all its publicity resources any attempt at conducting mining operations in this section on a purely stock selling basis. With the considerable revival of mining activity in the local field there are bound to be many companies spring up using familiar names in an attempt to decieve the public and palm off stock on them. Any enterprise which cannot be oked by the California corporation commissioner in disposing of its securities will get short shrift from this paper.

A ruling of considerable interest to the investing public is that the proceeds from the sale of mining stock in this state cannot be used in paying promoters fat commissions and the money from such sales must be used in actual development of the property. There has been too much in past years of stock selling in which moneys went largely to the promoters for commissions and expenses.

This paper will gladly lend its facilities to any intending investor in mining stocks and properties without fear and without favor. Not being a brokerage house and not having any properties to sell, it is in a position to handle its informaton in an unprejudiced manner. Legitimate promotion work in developing our properties will be gladly assisted by this paper at any time.

The Sunnyside Consolidated, Rescue Eula and Yellow Tiger Consolidated are three companies now commencing operations in this field that this paper is glad to recommend as being excellently officered and having practical men as superintendents. With a successful operating experience behind them they will be heartily welcomed into this field. Other new companies setting up will be welcomed. The pure stock peddlers will do well to give this county a wide berth.

ASSEMBLYMAN SEAWELL TO ADDRESS THE LIONS

Assemblyman Jerrold L. Seawell will address the Nevada City Lion's Club at their luncheon tomorrow Tuesday evening at the National Hotel Jerry has been addressing a number of service clubs in Placer county the past few weeks and has been meeting with a hearty reception everywhere. He is discussing pending legislation in which this district is interested and is endeavoring to secure the views of our people as to what is wanted from him in the way of support for the various measures.

It is rather a new experience to voters to find a legislator who is willing to take his constituents into his confidence after election. Most of our politicians are extremely busy with the glad hand before electon, but are a minus quantity once the votes are counted. Jerry is a distinct exception to this age old practice and has made a number of trips up this way to keep in close touch with his constituency.

This will be an informal ladies night also and it is hoped the Lions will all bring ther ladies. Horace A. Curnow is chairman of the evening.

BORN To Dr. and Mrs. W. B. Hardie of Alleghany, January 31, 1929, in Grass Valley, a son, Wallace Darwin.

Louis W. Kopp is home from a wek's visit with relatives n Oakland.

Supervisor E. B. Dudley and son, Lloyd, of North Bloomfield, were here Thursday attending to business affairs.

Earl Raymond came dwon from Bowman dam Wednesday and made a short visit in Nevada City.

IN THE GOLDEN CIRCLE IS GOOD EXPRESSION

Southern California capitalists who have become interested of late in the Nevada county mining field have coined the expression "In The Golden Circle" referring to this section of the state within a radius of a few miles from Nevada City.

The Los Angeles Eevening Herald thought so much of the expression that it printed the following in its news columns the other day and incidentally gave The Nugget an excellent boost:

"In the limited area of this golden circle not much over 30 miles in diameter, almost $500,000,000 in gold has been produced to date. The Nevada City Nugget, published at Nevada City, Calif., is featuring mine developments in its weekly issues and welcomes inquiries regarding mine prospects."

The item has already started a flood of inquiries into this office by every mail and each one will be answered as completely and intelligently as our information at hand will permit. Mine owners will do well to extend every assistance to us in our efforts to advertise Nevada county's immense mineral resources.

IDAHO MARYLAND HAS GOOD PROSPECT AHEAD

A great deal of interest is being manifested in the prospective operations of the Idaho Maryland property on a much larger scale in the near future. It is expected that twenty additional stamps which have been contemplated for some time past will be shortly installed as the development has progressed sufficiently to assure a plentiful ore supply to keep 40 stamps dropping 24 hours a day.

Drifting operations on the 1900 level have opened up the ore shoot for a distance of 600 feet eastward and 200 feet westward from the point of strike and have developed a pay shoot of large proportions which is virgin ore clear to the surface. The hanging wall is excellent formation and resembles closely the formation encountered in another part of the property which produced so many millions in past years. The ore is being dropped to the 2000 level and trammed to the main working shaft at present and is showing excellent values in the mill.

General Manager Errol MacBoyle and Mrs. MacBoyle went to San Francisco on a business trip Friday in connection with company affairs The next few weeks should see some important developments in connection with the property.

UREN'S HAVE SOME NICE ZERO WEATHER

A letter reaching The Nugget from E. C. Uren, who is in British Columbia on professional work, advises that the thermometer is standing at 33° below zero. Ed says you breathe through your scarf to protect your lungs and the arising moisture freezes your eyelashes together. He is so tired of the snow that he says Nevada City would certainly look good to him once more, but expects that it will be March before he is able to clear up his work there He attended the Elks party in Spokane on New Year's Eve and reports a splendid time. About ten days were enjoyed there on the trip.

P. G. Scadden, District Deputy Grand Exalted Ruler of California, North, of the B. O. O. Elks, and Exalter Ruler Thomas W. Richards, accompanied by V. V Foley, George E. Walling, A. M. Holmes, John J. Fortier and Gove C. Celio, of the Nevada City Lodge, motored to Woodland Tuesday. Mr. Scadden made an official visit to the Woodland Lodge.

Tom J. Phelan of Shady Creek was a business visitor here Monday.

E. C. Klinker, of the Rising Sun mine at Colfax, was visiting old friends here Thursday.

Mrs. E. C. McClosky and children are home from a visit in San Francisco. Mr. McClosky, who has been ni Peru for the past two years is expected home soon.

HALF MILLION TO BE SPENT ON ROADS TAHOE UKIAH, YUBA PASS BENEFIT

The fates appear to be decreeing that the year 1929 is to be a luxurious one for Nevada and Sierra counties. Due to the energy and presistence of Congressman Harry L. Englebright, the sum of $166,000 has been secured for immediate use on the Yuba Pass Highway between Downieville and Sierra City. Of this amount $16,000 is for clearing of the right of way and $150,000 is for construction purposes.

The telegram reaching The Nugget from Washington Thursday afternoon was to the effect that the $150,000 would be split to provide two contracts, $75,000 to be expended commencing at Downieville and $75,000 to be spent working west from Sierra City, both contracts to be let as soon as weather conditions permit. This will assure of the Yuba Pass project at an early date, its completion and eliminate the last relic of the early stage coach days when anything went for a road.

Congressman Englebright is to be highly complimented on his assiduous efforts for the project since he has been in Washington. With the loyal support accorded by the Forest Service, the Public Bureau of Roads and State Bureau of Works through its executive head, Bert B. Meek, the task has been accomplished and Forest Supervisor R. L. P. Bigelow can see the work "finished" written on his efforts in the early days of the project.

Adding to this vast sum of money the $300,000 made available by the state highway commission for the Tahoe Ukiah route eastward for 14 miles from Nevada City this spring, it means that half a million dollars will be spent in this section this year and making more available to the motorng public our scenic wonderland in the Sierra Nevada.

With the large quartz mining revival getting under way in this section and the inauguration of the turpentine industry, Nevada City and Nevada county should see the awakening of an era of prosperity never surpassed in their hectic history since California's real infancy.

HISTORY OF HYDRAULIC MINING IS INTERESTING ONE SAW ITS EARLY START IN THIS SECTION IN DAYS OF '49

By JAMES D. STEWART, E. M.

Hydraulic mining was first visioned at Yankee Jims, Placer county, in 1852. Col. McClure set a small open flume on a steep grade and the water, attaining great velocity from the steep grade, struck the gravel bank with great force, eroding it rapidly.

This flume could be moved by sliding it back and forth on a log. What is claimed to be the first ditch dug from a stream bed in California to supply a mine with water was constructed from Devil's Canon to supply this contrivance.

In 1853, Chabot, a Frenchman at Buckeye Hill near Nevada City, copied McClure's contrivance adding a cover to the flume bound around with iron clamps making a square pipe; to this was added a canvas or rawhide hose which was dragged around over the gravel, placing the water where it was needed. It remained, however, for th ever inventive Yankee in the person of E. E. Matteson, to put the finishing touches to this contrivance of such great possibilities. One look at Chabot's rig and he hurried to his cltim near Nevada City, at American Hill and built himself a copy of the Frenchman's plant, but added a wooden nozzle. So, in 1853, hydraulic mining had its birth.

Miners came for miles to observe this amazing advancement in placer mining, destined to revolutionize the working of low grade gold bearing gravels.

Canvas hose tipped with sheet iron nozzles were the first steps. As the pressure increased, the hose was encased in stove pipe or wrapped with ropes to give it strength. Then came sheet iron slip joint pipes ever increasing diameter, tipped with a nozzle of varying type known as monitors, giants, dictators and similar fanciful names. By 1866 hydraulic mining had arrived. Enlargement of existing ditches and the construction of new ones of great size and length were under way. Where any ordinary judgment was used, the profits were sure and large both from the sales of water and the gold recovery from the gravels. Ross Brown in his report to the secretary of the treasury, states that within one and one-half miles of Gold Run. in Placer county, there were 45 hydraulic mines operating, using 9,000 miners inches of water per day, recovering over $5.000.00 per day in gold and paying over $1,000.00 per day for water. This was but one of many such districts. The profits from these ventures were used for developing quartz and drift mines and the general setting up and upbuilding of California. Until 1880 this work went on uninterrupted, with ever increasing magnitude. In the later 70's there began to be apprehension of the filling up of the rivers and the state engineer was instructed to make investigation. On June 30, 1880 there was introduced into the House of Representatives a resolution calling on the Secretary of War through the Engineering Department of th United States army to investigate the damage being done the Sacramento and San Joaquin river by hydraulic mining. This was repeated at each session of Congress until in 1893 the California Debris Commission ,a federal body created by the Caminetti Act, has carried on this work as well as the regulation of hydraulic mining.

In 1880, the Attorney General, on behalf of the people of Sacramento and in the name of the State of California, sued for an injunction against the Gold Run Ditch and Mining Company, to prevent its dumping the debris from its hydraulic operations into the tributaries of the Sacramento River.

This suit was not, as is popularly supposed, designed to protect the navigability of that stream, but to prevent its pollution. The plaintiff's in this action were at that time, and are yet, at this late day, with a greatly augmented population, still dumping into the Sacramento river, their sewage, raw and untreated by septic tanks or chemicals.

The miners were beaten after sixty days of fighting in the courts. However, the miners were powerfully politically, and hydraulicking was carried on in one form or another until 1884, when one Timothy Woodruff brought an action in the Federal courts against the North Bloomfield Mining Companw, to enjoin further dumping of debris from hydraulic mining into the streams. Judge Sawer rendered a decision against the miners and deputy United States marshals left immediately to serve the injunction. The prosperity of the mining area was changed to chaos and ruin.

From 1884 to 1893 the hydraulic miners met from time to time in conventions, formed miners associations, and through various agencies and diverse ways, besought Congress for relief. With the election of Anthony Caminetti to Congress, from the second district, the miners gained a champion who could and would fight in their behalf. Twice his bill died before becoming a law, but the third time it passed both houses of Congress and was signed by the president and became a law.

The Caminetti Act provided that a commision of three Army officers shoud be appointed by the Secretary of War to regulate hydraulic mining on the Sacramento and San Joaquin rivers and their tributaries. This body was to be known as the California Debris Commission. Its powers were absolute with practically no appeal therefrom.

(To be Continued)

Superntendent Will Litchenberg was down from the Brush Creek mine Tuesday.

Henry Beyers, prominent cattleman, came up from the southern part of the county to attend the hearing of the Irrigation District trial.

GRUENEWALD HAS A GOOD LOOKING PROSPECT

Some of these days there is going to be developed in the territory west of town between Newtown and Nevada City, one of the biggest mines the district has yet seen. Along the line of the contact is a lot of mineralized ore that is waiting for some one to come and take it.

Otto Gruenewald is working a likely looking prospect in that section and has already run a tunnel in for some twenty feet and expects to pick up a ledge within a short distance. He is on the line of the McDonald vein system and is planning a thorough development of his property to determine the nature and extent of the vein systems known to exist in that vicinity.

The many millions taken from the Champion property during the heydey of its existence proves the existence of rich ore bodies in the territory to the west of Nevada City that need to be properly exploited.

HERE IS A GOOD CHANCE ON PROPERTY

Nevada City Nugget,
Nevada City, Calif.,

We noticed your writeup of your mining district, and wish you would send us what information you have. We are interested in mining and would be in the market for a property with enough development to show a chance of making a mine. We are operating properties. In submitting please go into all details pertaining to the property such as size of ore bodies, average values, roads, location, development, price outright, or royalty basis; small sample of average ore. also formation ore is in. We do not want a fully developed mine, unless there would be an extra good proposition offered.

Name furnished on request by this office.

PONEMAH COUNCIL HAS RAISED THEIR CHIEFS

At a recent meeting of Ponemah Council No. 6, Degree of Pocahontas, District Deputy Aleene Lewis assisted by Past Pocahontas, Virginia Ghidotti, raised the newly elected officers to their respective stations. The following will have charge of the affairs of the Council for the coming term:

Pocahontas	Rachel Penrose
Phophetess	Lila Day
Wenonah	Helen Trevethick
Powhatan	George Gildersleeve
Keeper of Records	Elma Hecker
Col. of Wampum	Lenore Steger
Keeper of Wampum	Lillian Stuart
1st Scout	Juanita Trevethick
2nd Scout	Virginia Ghidotti
1st Runner	Nevada Ostrom
2nd Runner	Elsie Dent
1st Councilor	Jessie Costa
2nd Councilor	Nettie Gildersleeve
1st Warrior	Grace Evans
2nd Warrior	Ernestine Eilerman
3rd Warrior	Della Walsh
4th Warrior	Isabel Harry
Guard Tepee	Louise Meyers
Guard Forest	Maggie Lewis
Musician	Frances Eilerman

The dances of the Pocahontas Girls, which are held at Redmen's Hall, are becoming very popular.

The Nevada City Elks night was a success in every way. About a hundred seventy five couples were present. Several fine prizes were awarded and enough money was realized to meet the payment on the Red Men's Hall this month.

There was the usual door prize for last Saturday night and a happy time was enjoyed. The comfortable room with the jolly crowd assisted in passing away a number of happy hours.

Sheriff George R. Carter was an official visitor at Relief Hill Monday.

The many friends of W. L. Mobley will be pleased to learn that he has recovered from a recent sick spell and is about, as usual, again.

Mrs. Mary E. Campbell, who was operated upon at the Nevada City Sanitarium for an abscess on her neck, has so far recovered that she is able to return to her home at North Columbia.

MOHAWK CUTS A QUARTZ LEDGE IN NEW SHAFT

The second day of new shaft sinking operations at the Mohawk property disclosed on Saturday nearness to an ore shoot which is considerably earlier than had been expected. A two inch seam of clay or talc appeared in the shaft and carrying bits of quartz and cab rock.

Pannings taken disclosed plenty of free gold and with the same character of quartz as was found in the open cut which produced so largely the past year indicates that the new shaft may run into something sensational before it reaches its 200 foot objective.

The shaft had reached a depth of 53 feet Saturday and is making good headway with little trouble from the muck which had previously held up the sinking operations to a considerable extent. Paul Gabbert of Grass Valley has a contract to sing the shaft to a depth of 200 feet and his work so far has proven very satisfactory to Superintendent Martin E. Olsen.

The Mohawk is in some of the most promising territory in the local district and it would not be surprising to see one of the largest producers in this section opened up.

WORK AT THE GASTON IS MAKING GOOD PROGRESS

Work of driving the drifts at the Gaston mine is progresing steadily at the rate of about four feet per day, according to Superintendent O. E. Schiffner who came down from Gaston for the weekend. Driving north and south on the Gaston vein is being prosecuted on th drain tunnel level. A crosscut has been run into the hanging wall on the north drift and has cut nito a quartz ledge the past few days which may develop good values. The water for power is holding up nicely only one shift being lost so far and the present storm has been of great benefit.

The Gaston is being developed by the Rescue Eula interests.

BERTRAM BOVEE PASSED SATURDAY, ALLEGHANY

Bertram L. Bovee, a retired miner passed away at Alleghany Saturday night quite suddenly from a heart attack. The remains were brought here and prepared for shipment at the Holmes Funeral Home. They were taken to San Francisco on the train this morning for interment.

A wife an daugter living in San Francisco are the surviving relatives.

BASKETBALL GAMES HERE ON WEDNESDAY NIGHT

Nevada City high school's A and B basketball temas will play those of Wheatland High here Wednesday evening at 7 o'clock. Auburn's C team will play the preliminary game at about 6 p. m.

These games will act as "primers" for the set with Grass Valley on next Friday evening at the local court. The Grass Valley games should be very close and the local teams hope to brnig home the bacon as they did last year.

John Ogden who formerly taught at the Oakland school at Gold Flat passed away at Yuba City Saturday evening. He was a brother in law of Mrs. J. R. Ivey and Earl Sutton. Three children survive.

F. F. Cassidy was a business visitor in San Francisco during the week.

Tom Bigelow of Tyler was in Nevada City Thursday.

Mr. and Mrs. George Calanan are home from San Francisco, where they visited his sisters, Mrs. S. C. Hieronimous, Jr., and Miss Adele Calanan. They are recovering from injuries received in an auto accident recently.

F. C. Ernst, of the California Timber Products, Inc., was a business visitor in San Francisco during the week.

THE NEVADA CITY NUGGET

Published weekly on Mondays at Nevada City, California, and entered as mail matter of the second class in the postoffice at Nevada City, under Act of Congress, March 3, 1879.

MRS. MARGARET FOLEY PASSED AWAY IN ORLAND

Mrs. Margaret Foley, a native of Moores Flat, Nevada county, passed away Wednesday at the home of her daughter, Mrs. Kathryn Reiger, in Orland, Glenn county.. She was one of the early pioneers of this county, and was much loved for her generous and lovable disposition. Her husband was the late Pat Foley, pioneer mining man of the Graniteville section. For years he was superintendent of the old California Mine, known as the Gaston at the present time. He died in Graniteville a number of years ago.

Since the passing of her husband she has made her home with her sister, Mrs. D. W. Deerwater at Sierra City or with her daughter at Orland. She is also survived by the following sons, R. M. Foley of Alleghany; Frank and Leo of San Francisco; John of Oroville, and George of Oakland.

The Genii Mining Company is running a 3000 foot tunnel to tap the old Magalia channel. It is two-thirds way in. Work is made easier by an electric locomotive for the long haul.

The North Fork Placers Company on the Trinity river near Helena is building 12 miles of flume for hydraulicking at the Schlomer property which was purchased recently. It is reported to be very rich ground.

A quantity of 8-inch air pipe for the Sierra Buttes mine at Sierra City has been brought in from Nevada City on the auto stage during the week.

F. S. Reader of Sweetland was in Nevada City Tuesday.

EDITORIAL

Sportsmanship of the Spectators

The sportsmanship of the spectators at the basketball games is as important as the sportsmanship of the players. We have had proof of this since Nevada City and Grass Valley have been kept out of the basketball league because of the poor sportmanship shown by the audience at the games.

At times the audiences have "booed" the referee and even players, when they were shooting fouls. Nevada City has picked out referees who are noted for their fairness and we have always been treated right. If the action of the referee seems a bit doubtful, it is better for the audience to decide that it has missed something. The player shooting fouls should be respected and should be given every chance to do his best.

The students of the high school have done their best to promote this spirit of good sportmanship this year and are pleased because the efforts have not ben in vain. The people in the audience have probably acted upon impulse, not realizing the ill feeling which has been created.

Tuesday, February 8, the players of Nevada City and Grass Valley are going to play a good game. The students of the two high schools are going to support their teams and keep good sportsmanship predominant. With the audience supporting not only their favorite team but the honor and good feelings of sportsmanship we can expect the referee to go away with favorable reports.

N. C.—G. V. GAMES

Tuesday night, January 29, the Nevada City "A", "B", and "C" basketball teams played against similar teams of Grass Valley at Grass Valley. Several students of Grass Valley came up Tuesday afternoon to extend a cordial invitation to the entire Student Body of Nevada City High.

The "C" game was very exciting as first one team would be ahead then the other. Grass Valley won however, with a score of 16 to 11

The "B" game was the game at Nevada City won by the score of 9 to 5. Grass Valley had planned on winning this game and were surprised when our "B's" walked over them.

The "A" game proved to be very interesting.. Our team did not "get going" until the latter part of the game, but Grass Valley had the long end of th escore 26 to 22.

On February 8, at Redmen's Hall the return games will be played with Grass Valley. We all hope we shall be victorious in the games.

FRESHMAN PARTY

At a freshman gathering after school Tuesday, January 29, we decided to give a party Friday night. The hall was artistically decorted in red and white, the freshmen's chosen colors. Dancing was the main feature of the evening, the music being furnished by Mr. Pedersen's orchestra. Refreshments were served and a good time was had by all. Since the class flower is a carnation, all girls wore white carnations and the boys' red ones on Friday night. Now, freshmen, we have paid our dues!

SPANISH PLAYS

The Spanish II class has completed its book of short stories and is now beginning on short one-act plays.

These plays are to be acted in class, read in "Espanol" with all the motions and expression possible These plays ar making the Spanish course more interesting. Later on the class is planning to have a Spanish Club and have social meetings. All the speaking will be in Spanish.

Margaret—"Will you join me in a cup of tea?"

Buddy—"Well, get in and I'll see if there's room".

MENTAL TESTS

The Student Body was greatly surprised last Monday, January 28, when Mr. Isensee and the teachers passed out a large, white phamphlet to everyone with strict orders to keep pencils in mid air and not to start writing until told to.

This phamphlet consisted of seventy questions which made one think. It was sent out by the World Book and Company compiled by Otis Test of Mental Ability.

The tests were corrected by the teachers, but the individual per cents were not made known to the students. This in many cases was probably a mercy especially to the proud juniors or seniors who might have found themselves equal to the freshmen or sophomores in mental ability.

JUNIOR RINGS

On January 16, many proud juniors filed into the study hall twirling their brand new rings on their fingers. For you see, the juniors had received their long expected rings. Twenty received rings, and three received pins. The rings are very pretty and everyone is pleased with them. They are of white gold with black enamel as the background. The letters N. C. are set on a background of purple enamel with the lamp of learning just above. On either side there are carved the numbers "19" and "30". The rings were ordered by Mr. Hartung.

CAMP FIRE MEETING

On January 31 the Shishiwa group of camp fire girls met at the grammar school. The following officers were elected:

Dorothy Tamblyn ..... President
Thelma Boreham ..... Vice-president
Nadine Sutton ..... Treasurer
Ruth Noyes ..... Secretary
Margaret Rector ..... Song Leader
Betty Bettles ..... Scribe

Plans were also made for a council fire in the near future.

JOKES

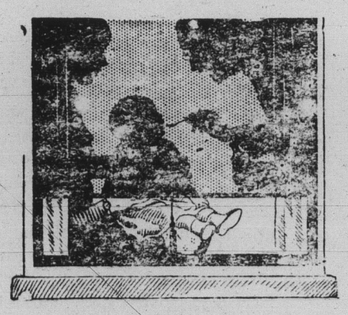
Miss Hoffman—"I am tempted to give this class a quiz today".

Vera—"Yield not to temptation".

DOWNIEVILLE GLEANINGS

Mrs. Margaret Lambert gave her daughter, Margaret, a birthday party last Sunday afternoon, the occasion being her fourth birthday anniversary. The little folks enjoyed themselves immensely playing games for a couple of hours, after which all partook of a nice lunch of cake and ice cream.

Bert Miller from Sierraville was in attendance on the meeting of the stockmen who range in the Tahoe national forests, which meeting was held in Marysville a week ago.



In 5 MILLION HOMES TONIGHT

A host of babies will enjoy sound sleep tonight. And their parents will have unbroken rest. Castoria is the cause of this contentment in a multitude of homes.

Good old Castoria! Children cry for it. Mothers swear by it. Not a household where there is an infant should ever be without it. A few drops of Castoria quiet Baby in a perfectly innocent manner. It is natural slumber that follows. Castoria is a purely vegetable product. No opiates. No narcotics. Of any kind.

Now you know why trained nurses give Castoria as often as an infant is ailing, or even restless. And why doctors tell mothers it is the first and only home remedy when Baby has constipation, colic, diarrhea, or other upset. It is made for babies, and safe to give babies, and other things are not.

Fletcher's Castoria is "old-fashioned" if you count its fifty years, but it's an old-fashioned mother, nowadays, who worries along without it. Twenty-five million bottles bought last year! Think of the number of mothers who rely on Castoria! All these mothers can't be wrong! To keep a bottle in the house is a precaution you owe your little one.

Children Cry for CASTORIA

PLUMAS COUNTY

The Engels mine is producing some exceptionally rich ore from the new workings. Copper content averages six per cent with some running as high as thirty per cent.

F. W. Meggers, forest ranger of Camptonville was an official visitor here last week.

Robert Davis came down from Alleghany for a visit with his family.

VALENTINES

A Sour Stomach

In the same time it takes a dose of soda to bring a little temporary relief of gas and sour stomach, Phillips Milk of Magnesia has acidity completely checked and the digestive organs all tranquilized. Once you have tried this form of relief you will cease to worry about your diet and experience a new freedom in eating.

This pleasant preparation is just as good for children, too. Use it when over coated tongue or fetid breath signals need of a sweetener. Physicians will tell you that every spoonful of Phillips Milk of Magnesia neutralizes many times its volume in acid. Get the genuine, the name Phillips is important. Imitations do not act the same!

PHILLIPS Milk of Magnesia

DR. CALDWELL'S THREE RULES

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It can not harm the most delicate system and is not habit forming.

The Doctor never did approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Get a bottle today, at any drugstore and observe these three rules of health: Keep the head cool, the feet warm, the bowels open. For a free trial bottle, just write "Syrup Pepsin," Dept. BB, Monticello, Illinois.

FRENCH CORRAL ITEMS

FRENCH CORRAL, Feb. 2, (Special to The Nugget)—February! We came near exclaiming, "What! Here so soon? but caught ourselves before we blundered, for we know you are always right on time, and for ages have never deviated. Well, we greet you good month of hearts and cupids and presidential birthdays! As you are to be with us just four weeks, we shall endeavor to entertain you by giving a dance for our San Juan Ridge Water Association. We observe that despite stormy weather you have brought springtime along with you, and those "pussy willows", manzanita, and Japanese quince blossoms are just as lovely and becoming as ever The violets have been very faithful and remained all winter. Oh! we can tell you, this is a glorious country to live in! We may be listed with the ghost towns yet, but we will keep tooting our horn as long as possible.

We were interested in the list of the mining camp names of the early days. Can remember when the names from Bridgeport to North San Juan run thus, Bridgeport, Dead Fall,, Buttermilk Bend, French Corral, Empire Flat, Kate Hays Flat, Allison's, Welch Town, Birchville, Shinville, Buckeye Hill, Sweetland, Manzanita Hill, Sebastopol, Halfway House, North San Juan. What a beautiful picture was that chain of pretty villages! Plenty of water and everything else in those mining days, and people took pride in beautifying their homes.

We hear that operations are progressing nicely at the Bridgeport mine. Levin Brown of Sweetland delivered a load of lumber at that place Saturday.

Mr. and Mrs. W. E. Moulton went to North Bloomfield Friday afternoon to bring their daughter, Louise, to spend the week's end in French Corral. She returned to North Bloomfield Sunday afternoon, and was accompanied by her parents.

Ernest Collins of Sweetland had business in French Corral Saturday.

The little son of Mr. and Mrs. F. S. Wood of Sweetland was taken suddenly ill Friday night, and Dr. Werner of Nevada City was summoned, during the night. We are happy to state that at last accounts the little fellow is improving.

S. S Trevithick and Carl Trevithick of Nevada City were French Corral visitors this week.

There was no service held in the Catholic church at Birchville last Sunday as Father O'Rielly did not come over.

Joe Swazey and Albert Moynier had business in San Juan and Sweetland this week.

George McCumbas, a trapper and former resident of French Corral, is spending the winter here.

Arno Browning and son, Harry, had business in Sacramento Thursday.

J. W. Culver made a trip to Grass Valley Tuesday to meet his and son, who were coming from San Francisco. Mrs. Culver has been visiting her son, Will, daughter Mrs Earl Chatty, since Christmas. Will will remain for a short vacation.

Some of the members of Columbia Parlor No. 70 are planning to visit Laurel Parlor, No. 6, of Nevada City the night of February 6th, to meet Grand President, Dr. Louise C. Hielbron, who will pay her official visit on that night. We learn that Dr. Hielbron was in an auto accident and trust that she has suffered no serious effects from it.

We were pleased to see a contribution from the pen of Mrs. Adeline M Conner on the first page of last week's Nugget, "The Ridge is Calling You". That sweet appeal should touch the heart of every native and former resident.

Mrs. A. F. Isensee is improving from a recent unpleasant experience that might have proven very serious She took a spoonful of camphorated oil mistaking is for cough syrup. It burned her quite severely.

Theodore T. Larson of the Omega mine broke his thumb while using a hammer to rivet some pipe together. It was quite painful and required the services of a physician to dress it.

Judge George L. Jones has accepted the invitation of the Nevada County Promotion Board to act as toastmaster tonight at Bret Harte Inn. He has promised an interesting time from beginning to end of his program

The rainfall in this section usually averages about 53 inches. This year promises to be light as there was only 2.63 inches for January, with a total of 16.71 inches for the season.

Frank Wilson of Hobart Mills was a visitor here during the week.

NORTH SAN JUAN ITEMS

NORTH SAN JUAN, Feb. 2, (Special to The Nugget)—Mrs. J. M. McIntyre and grandson, Jimmy, arrived here last week from Polson, Montana to spend three months with her mother, Mrs. J. Ferguson.

Perry Northcott came over from Gridley on Monday.

Mervin Solaro is spending an extended visit with his parents here

Wm. Lackland sold his Ford roadster last week to Chas. Parsons. He intends to buy a new car but can't decide on whether to get a Rolls Royce or a Cadillac.

Mrs. Annie Bradbury returned Saturday from a month's vacation spent in San Joaquin Valley and the bay region.

Frank Woods of Sweetland was a business visitor here Thursday.

Mr. and Mrs. R. E. Harris and Mr and Mrs. Chas. Elliott spent Sunday at the Ferguson home in Sebastapol.

Gordon Kessler and son, Eeverett, accompanied by Perry Northcott motored to Colfax where they entrained for Reno.

Mrs. Acton Cleveland and two children of Camptonville spent Wednesday with her mother, Mrs. Henry Huckins.

The Ladies' Aid met Thursday afternoon for a short business session

The water from Bloody Run is now as far as Cherokee and is expected here in San Juan within two weeks.

Ray McCullough brought Mrs. K J. Fogarty and her daughter, Lucille, to Nevada City Thursday, where Mrs. Fogarty's hand, which was injured last Saturday, received treatment.

Miss Mary Schmidt, senior student at Mills Colleg spent last week end in Nevada City with Mr. and Mrs. E. W. Schmidt, her parents.

Ray J. Peterson and daughter, Miss Berncie, of Sacramento attended the funeral of the late Mrs. Delia McCauley.

R. E. Harris and J. J. Jackson attended the hearing before the Railroad Commission on teh protest of Pickwick stages against the Southern Pacific's application for a franchise to operate a stage line between Sacramento and Colfax. It was held at Auburn.

Mrs. Mamie Parsons has so far recovered from her recent operation at a hospital in Woodland, that she was able to return home Sunday.

TYLER JOTTINGS

CHEROKEE, Feb. 2, (Special to The Nugget)—Herb and Tom Curnow of Grass Valley were visitors here Sunday.

Miss Helen McCollough was visiting here Saturday.

James Phelan and wife and Mrs. T. J. Flynn were business visitors in Nevada City and Grass Valley Saturday.

Mrs. Pearson and Mrs. Fleming and son, Carlyle Fleming, of Lincoln were visiting their brother, Ralph Maitland of Shady Creek, Sunday

Mr. and Mrs H. Meyer and son and daughter attended the show in Nevada City Tuesday night. It was "Uncle Tom's Cabin".

Mr. and Mrs. Ed Frost of the Siberia mine have gone to San Francisco on business.

O. P. Wisler has gone below to live with his son.

Father O'Rielly of Nevada City was a visitor in Columbia Hill Wednesday.

Tom Bigelow of the Siberia mine was a county seat visitor Friday.

The frogs are croaking and the pussy willows are out, all point to an early spring Let us hope so.

Mrs. Mary Campbell has returned home.

James Phelan caught a large coon they are coming in the apple shed after apples, and the traps are set in there.

YOUR MONEY SHOULD WORK AND EARN WITH YOU

There are still many millions of dollars hiding away in cupboards, underneath mattresses, and in secret hiding places throughout the United States. Apart from the fact that such funds are not safe, is the further fact that they are idle, and that they should be working at the same time their owners are working.

In these days of rigid supervision of savings banks by the state authorities, where the money of depositors is guarded in every conceivable manner, it does seem so foolish to attempt to safeguard your own money by hiding it in out of the way place.

All money should be put to work. It should be made available for further investment that will give employment to others, and at the same time the owner is receiving a return in interest that will add to his own wealth. There is no reason or excuse in these days for using a stocking or a tin can for a savings bank.

THE NUGGET INDOOR SPORT COLUMN

KOPPS AND SCHEEMERS TIE FOR FIRST PLACE

By taking four points in a row from the league leading Celios on Monday night the Scheemers climbed into a tie for first place with the Kopp Bakers, who annexed three at the expense of the Goyne Boilermakers in the Elks bowling tournament.

The Celios dropped heavily in their pin spilling ability for the occasion and lacked everything that goes for team play wth the result that they looked like a bunch of has been in their work. Outside of the Goyne team which looks unable to get under a full head of steam the teams are well balanced and a tight race may be looked for to the very end. The Nickless crowd by taking three points from the Richards Butchers are right up in the running and will be crowding the top rank right along.

But one 200 game was rolled during the week, Fortier getting a 202 in his second game Wednesday night and running high total for the week with 517. Hogan copped second honors for high total with 509 and hoisted his average some. Neither Pierce or Hegarty were present and their averages are sliced a pin.

Kopp ran up a total of five strikes in a row to open the first game on Tuesday night but the gallery birds got his goat with their pert remarks and he blew up with a bang. It spilled what would have been one of the best games bowled this winter. Louie is promising to bundle up his ears to keep out the unwelcome sounds while he is bowling. There has been complaint made about the players crowding the runways during the bowling and it would liven up the sport to keep the runways entirely clear at all times.

Quintruple—Kopp.

Triples—Lobdell, Fouver.

Doubles—Jackson 2, Tamblyn 2 Hogan 2, Breese 2, Nickless 2 Willoughby 2, B. Carr 2, Bigelow Scheemer, Penrose, Fortier, P Carr.

Tamblyn is in the lead with 40 spares closely followed by Curnow with 38, Hogan 33, P. Carr 32. Nickless 32. Fouver 31, Jackson Penrose and Lobdell with 29 and Leiter 28.

Jackson and Willoughby lead with 22ostrikes each while Hogan is a close contender with 21, Curnow 20, and Leiter 19.

Cincinatti Enquirer: Most of the politicians who speak thunderingly about Lincoln, the railsplitter, never have split anything but infinitives.

The more we lose the more we learn.

Whle he's alive he's a drudge with his nose to the grindstone; when he passes on and folks find out what he's done, he's a genius.

Los Angeles Times: Some men imitate and others just agitate. We like those who cogitate best.

The chirp of a cricket is not a love song,scientists have discovered. One of these days someone will be learning something like that about mammy songs.

BITS OF HUMOR

Dear Editor—Will you tell me how to make a peach cordial?"

Sure—"Just send her a box of chocolates."

The Observer remarks that a good many of us select our religion like we do our clothes. We take the kind that fits us best.

Dallas News: When you get out a six-cylinder car with a four cylinder mortgage, we'll listen.

Isn't nature grand? The grass and the trees turn green in the spring and so does most of the Christmas jewelry.

Nobody pokes fun at the poor fellow wh ohas lost an eye, a leg, or an ear, but if has lost his hair, everybody takes a crack at him.

The following notice appeared in a Fullerton, Ky., newspaper: Lightening struck a wire clothesline here Wednesday, killink Nellie McGinnis at one end and a pig at the other.

The Philadelphia Record, which recently moved to its new building, found that the door of the old one hadn't been locked in forty-six years. How symbolic of the freedom of the press.

Kindness is the golden chain by which society is bound together.

Still another instance of beating spears into plowshares is found in the introduction of army gas masks which have been especially adapted for household use when peeling onions.

LEGAL NOTICE

The California Debris Commission will hold a public hearing at 11:00 A. M., February 7, 1929, in Room 728 Wells Fargo Bldg., San Francisco, California, to receive protests against granting the application of Frank M. Harris to mine by the hydraulic precess the Joaquin Mine, located at Birchville, Nevada County, draining into the Yuba River, and to impound tailings in the old Birchville hydraulic mine pit about 100 yards below the mine.

First Publication—Jan. 21, 1929.
Publications—Jan. 21, 28, Feb. 4, 1929.

FOSTER WILLIAMSON CALLED BY DEATH WEDNESDAY

Foster Williamson, a native of Washington passed away in Los Angeles Wednesday evening. He went down to visit his sister, Mrs. E. A. Langford at San Rafael over the Christmas holidays and contracted the flu. It was thought a trip to Los Angeles would benefit him but he suffered a relapse soon after arriving there. He with his brothers and Clyde M. Cole discovered the Red Ledge mine near Washington

Mr Williamson was a skilled miner in all branches, and had followed it practicall all his life. He was born in Washington in November, 1865

His kindly and winning ways made friends for him everywhere, and his passing was a sad blow to his home community. He had spent practicall his entire life in Washington. He is survived by two brothers, Wallace and Bruce Williamson of Trinity county, and a sister, Mrs. Langford of San Rafael.

He was a member of Oustomah Lodge of Odd Fellow. Interment was made in the Pine Grove cemetery at Nevada City.

Sierra County News From The Mountain Messenger

M. P. Fisher returned from a visit to relatives in Richmond and Berkeley last Saturday.

Mrs. Mabel Casserly returned to her home on Tuesday, after spending a couple of weeks with relatives in San Francisco.

A number of Masons from Camptonville and Downieville went up to Sierra City last Saturday to attend a meeting of that fraternity.

Relatives in Downieville have received word from Colton that Norman Costa is now on the road to recovery. Norman has been critically ill with pneumonia, and his many friends here will be glad to hear that he is better.

Lawrence Nessler went to Pike with his truck on Friday to get some things from the Alaska mine for the Oro

John B. Kerfoot's home at the former Shafer ranch in Jim Crow about five miles east of Downieville was totally destroyed by fire last Sunday evening. The fire is supposed to have been caused by defective electric wiring, and it is also possible that wood rats built a nest among the wires which was responsible for the fire starting. When first discovered the fire was between the ceiling and the roof in the back part of the house. The main part of the building was old, but Mr. Kerfoot had remodeled and rebuilt until he had a modern and comfortable home. The rooms were filled with costly furniture and rugs, and Mrs. Kerfoot had a quantity of silverware and jewelry, all of which was destroyed by the fire.

Misses Anna Costa and Florence Burgett went to San Francisco and Oakland respectively on Wednesday, going as far as far as Nevada City with William and Vincent Dubuque. Miss Costa will visit relatives and friends for a couple of months, and Miss Burgett expects to visit friends for a week or ten days.

LEGAL NOTICE

State of California
Department of Public Works
Division of Water Rights
Sacramento
Application No. 5984

NOTICE OF APPLICATION TO APPROPRIATE WATER

NOTICE IS HEREBY GIVEN, That Bart Sweeney, Cf. J. F. O'Connor, County Surveyor, Grass Valley, Calif., has under the date of July 17, 1928, applied to the Division of Water Rights, Department of Public Works, State of California, for a permit to appropriate unappropriated water, subject to existing rights.

Descripton of Project

Water to be appropriated from Logan Canyon, tributary to South Yuba River, County of Nevada.

Amount applied for: 10 cubic feet per second.

Diversion season named: Jan. 1 to Dec. 31 of each season.

Water to be used for mining purposes.

Point of diversion within NE¼ of NE¼ of Sec. 4, T. 17 N., R. 10 E., M. D. M.

Place of use described: within SE¼ of SE¼ of Sec. 4, T. 17 N., R. 10 E., M. D. M.

Water to be returned to Logan Canyon within SE¼ of SE¼ of said Sec. 4.

Relative to Protests

Blanks upon which to submit protests will be supplied free by the Division of Water Rights upon request.

Any person desiring to protest against the granting of such permit shall within 60 days from date hereof, file with the Division of Water Rights, Sacramento, California, a written protest. Such protest shall clearly set forth the protestant's objections to the granting of the application and shall contain the following information:

(1) Statement of the injury which would result from such appropriation and use.

(2) The basis of protestant's water right.

(3) Protestant's past and present use of water both as to amount used and land irrigated, or use made of water if other than irrigation.

(4) The approximate location of such land or place of use and of the point of diversion of th ewater.

A copy of the protest should be sent to the applicant and this office notified that the same has been done.

Dated: Sacramento, California, January 11, 1929.

HAROLD CONKLING,
Chief of Division of Water Rights.
First Publication, Jan. 21,1 929.

LEGAL NOTICE

SUMMONS
No. 5713

In the Superior Court of the State of California, in and for the County of Nevada.

ECHO M. GOODWIN and LULU GOODWIN, his wife, Plaintiffs,
—vs—
JOHN W. O'NEILL; A. A. CHARONNAT; I. C. LINDLEY, S. T. ALLEN; NEVADA IRRIGATION DISTRICT, a corporation, AND ALSO ALL OTHER PERSONS UNKNOWN CLAIMING ANY RIGHT, TITLE, ESTATE, LIEN OR INTEREST IN THE REAL PROPERTY DESCRIBED IN THE COMPLAINT ADVERSE TO PLAINTIFFS' OWNERSHIP OR ANY CLOUD UPON PLAINTIFFS' TITLE THERETO, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Nevada.

W. E. WRIGHT, Attorney for Plaintiff, Nevada City, California.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO: JOHN W. O'NEILL, A. A. CHARONNAT, I. C. LINDLEY, S. T. ALLEN, NEVADA IRRIGATION DISTRICT, a corporation, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto, Defedants.

You and each of you are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada, within Ten (10) days after the service upon you of this summons, if served within this County, or within thirty (30) days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required the said Plaintiffs will take judgment against you for any money or damage demanded in the Complaint as arising upon contract or they will apply to the Court for any other relief demanded in the Complaint.

The said action is brought by the above named Plaintiffs against the above named defendants, and each of them, to quiet Plaintiffs' title to the land and real property described in the Complaint on file in said action and hereinafter particularly described, and to determine the adverse claims of the above named defendants, and each of them, and of all unknown persons to, and clouds upon the title to the said real property and the whole thereof pursuant to the provisions of Sections 749, 750 and 751 of the Code of Civil Procedure of California, and that said real property is situate, lying and being in the County of Nevada, State of California, and is particularly described as follows, to-wit:

All those certain lots, pieces or parcels of land situate, lying and being in the County of Nevada, State of California, and bounded and particularly described as follows, to-wit:

The North West quarter (NW ¼, the West half (W½) of the West half (W½) of North East quarter (NE¼); the North Half (N½) of South East quarter (SE ¼) and the South West Quarter (SW¼) of South East quarter (SE¼) of Section Eleven (11), Township sixteen (16) North, Range 9 East, Mt. D. B. & M.

The object of said action is to obtain the judgment of the Court against said defendants and each one of them, known and unknown as follows:

That all adverse claims to, and all clouds upon the title of plaintiffs to said real property or any and every part thereof be determined by the judgment and decree of said court, and that it be decreed that plaintiffs are the sole owners in fee of said real property and the whole of said real property herein described, being the same real property described in the Complaint of Plaintiffs on file herein and that plaintiffs are in possession of the property and entitled to the possession of the said real property, and the whole thereof, and that the defendants have not, and that no one of said defendants, including the unknown persons made defendants herein, have any right, title, estate, lien or interest of any kind whatsoever, in or to or on the said real property or any part thereof, and that said defendants, and each and every one of them, known and unknown be forever debarred, enjoined and restrained from making or asserting any claim whatsoever in or to said real property, or any part thereof, adverse to plaintiffs, and that the title of said plaintiffs in and to said real property and the whole thereof be forever quieted and adjudged good and valid, and for such other and further additional order, judgment, decree and general relief as is meet and proper in the premises, and for costs of suit.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Nevada, this 14th day of January, A. D., 1929.

GEORGE COUGHLAN,
[SEAL] Clerk of said Superior Court.

First Publication—January 28, 1929.

Dates of Publication—Jan. 28; February 4, 11, 18, 25; March 4, 11, 18, 25; April 1, 8, 1929.

NEW ROSEVILLE ROYAL ARCH CHAPTER MOVING

An organization meeting to form a new Royal Arch chapter at Roseville was held last Wednesday night and it is expected that Nevada and Grass Valley Chapters will go there to confer the Royal Arch degrees early in March. There were a large number of signers for the petition for a dispensation and nine petitions from candidates have already been received which will form the first class to be taken through. The meeting was attended by High Priest W. E. Meservey of Nevada Chapter and the district deputy.

POCAHONTAS WEEKLY DANCES PROVE SUCCESFUL

In another part of this issue you will notice a Card of Thanks from the Pocahontas Girls acknowledging the help of every one in making the weekly dances so successful.

The Girls have been running the dances at Red Mens Hall for the past four months and for their hours of hard work have been repaid by the dancing public attending the dances, in goodly numbers.

The business houses have backed the Girls in their attempt to put this project over and well they should. How much better on Saturday night to see the hall illuminated and the streets lined with automobiles. Back the Slogan "Stay at Home" and help the Pocahontas Girls pay off the mortgage.

The hall will be in darkness on next Saturday night out of courtesy to the Grass Valley De Molays, who are holding their Valentine Dance. The Pocahontas Valentine Dance will be held on Saturday Eve, February 16th.

SUNDAY and MONDAY—"The Fleet's In" with Clara Bow The comedy is "Follow Teacher." News reel.

CAMP FIRE COURSE TO BE HELD AT LAKE VERA

About June 1st the National Training Course of Camp Fire Leaders will be held at Lake Vera according to word coming to the local Chamber of Commerce. It will be national in its scope, as each year the Field Staff of Camp Fire Girls conducts in different parts of the United States about eight training courses. It is considered a great honor to have a camp selected for such honors. The leaders live in camp the same as the Camp Fire Girls do, and have practically the same program. Dates of the course are June 11 to 18.

Leaders will come from California, Nevada, Utah, or the western division. Miss Francisco, National Field Secretary, is from New York, and will be present. Mrs. Searls, of the Oakland Campfire Girls will be in charge of the camp.

E A. Ingram, mning man, was a business visitor in San Francisco during the week.

Miss Kate Hurley is ill in the Nevada City Sanitarium.

Mr. and Mrs. J. Rude left Thursday for the bay region where they will spend a few weeks visiting.

F. J. Joubert and A. M Cleveland of Camptonville attended to business affairs here Wednesday.

CARD OF THANKS

The Pocahontas Girls desire to thank the general public of Grass Valley, Nevada City and vicinity for their liberal patronage at the weekly dances

Special thanks to all the business houses for the donation of door prizes, the Lions Club and Nevada City Lodge of Elks for sponsoring two of the dances.

We plan to continue our dances through out the winter season and will appreciate any help rendered.
